

BCL-200S Automatic Book Sewing Machine

北宸

北宸裝訂機械科技有限公司
BEST CHEN BINDING MACHINERY TECHNOLOGY CO., LTD.

Machine Introduction

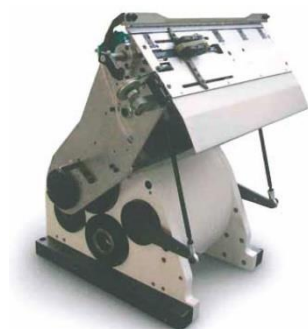

Best Chen company has introduced the 200s sewing machine series contains high performance and top-of-the-line engineering quality to enable sewing products to achieve the required quality.

Features:

- With a maximum operating speed of 12,000 s/h, the 200-type sewing machine is designed to combine the latest solutions to complete the quality of the requirements.
- The 10-inch color touch screen is equipped with a PLC system that controls all the functions of the machine.

- Sewing stitching saddle is driven by the camshaft of the cam box. Its transmission components operate in a sealed oil tank. This state-of-the-art drive system design ensures that cams have an extremely long service life without any routine inspection and maintenance.

- This sewing machine can be optional. There is the function of image photography which can prevent the signatures with page order content errors.

- The height of the acceleration wheel can be programmed according to the thickness of each signature.

- Sewing stitching and crochet can be easily inserted into the hole that the bottom needle punches along the spine, ensuring the highest sewing thread's quality.

- Feeder delivery will reduce shutdowns by making the signature more stable and easier to deliver with the latest dual fulcrum camshaft arm.

- BCL-200s Fully Automatic Sewing machine is CE-Marked. BCL-200s

Technical Specifications

Model	BCL-200S
Maximum machine speed	200 spin/min
Minimum signature size	75 *120 mm
Maximum signature size	320*420 mm
The number of signatures opening head	Upper four, lower four with long and short signature openers.
Number of sewing stitches	10
Pitch of sewing stitch	19 mm
Rated power	4.5 kw
Standard voltage	380 v, 220 v, 50/60 Hz 3 phases
Air consumption	Max 450l/min (6P)
Net weight	3300 kg

* Warna dan spesifikasi mesin bisa berubah sesuai dengan perubahan spesifikasi pabrik.
