

Machine Introduction

This machine is automatic feeding of paper when automatic separation paper collecting, with advantages of compact structure, stability, safe and reliable operation, ultra-small footprint and convenient mobility that are ideal for printing store and package printing houses. The unit adopts programmable reduction box, which makes it a stable and energy-saving equipment. Automatically cutting off excess film, with back-rolling device to adjust the flatness of the paper that produce a fast-finished product.

Features:

- Oil heating
- With automatic cut
- With automatic feed

* Warna dan spesifikasi mesin bisa berubah sesuai dengan perubahan spesifikasi pabrik.

Technical Specifications

Model	SMFM-390G
Max paper size	370mm
Max paper length	680mm
Max height of paper	80mm
Operating speed	0~10m/min
Laminating temperature	80~125°C
Total power	3 Kw
Voltage	220V/50Hz
Dimensions (LxWxH)	1.88x0.67x1.4m
Pressure	0.1~0.5 MPa
Feeding mode	Automatic
Feeding method	Friction
With slitting function	With
Anti-curl function	With
Rolling-up after laminating	No
Automatic disconnecting after laminating	Yes

* Warna dan spesifikasi mesin bisa berubah sesuai dengan perubahan spesifikasi pabrik.
