01 Description

GuoWei brand unloading paper machine series, have paper feed automatic and paper unloading functions, can deliver the kinds of the cutting products to the place quickly where you want to book, at the same time, unloading them to the base table where you want to book. The process of feed and unloading, accurate, efficient, reduce labor intensity, improve labor efficiency and increase the working precision. The machine working table with air balls devices, the process of up and down by the flat worm gear drive ball lead screw, guide-rail, ensure the worktable smooth and accurate. The worktable move around driven by a worm gear reducer drive rack, the guide-rail slider to make table moving easily. This machine has automatic, accurate and efficient feed, unloading advantages. It equip with Japan, Taiwan pneumatic components, France, Germany, Japan, Korea electric components, PIC controller can monitor all the electrical and mechanical section, adopt NSK bearing of low maintenance.

02 Technical Specification

Model	90-4	130-4	160-4	180-6
Max. unloading paper size (cm)	80x120	90x120	105x145	120x162
Min. unloading paper specification (cm)	10x40	10x40	10x40	10x40
Max. stack height of paper (cm)	16.5	16.5	16.5	16.5
Min. stack height of paper (cm)	4	4	4	4
Max. table height from the ground (cm)	140	140	140	140
Min. table height from the ground (cm)	20	20	20	20
Max. Loading (kg)	200	200	300	400
Total machine power (kw)	3	3	4	6
Paper cutter adapter specification (cm)	92/130/115	92/130/115/137	155/166/176	166/176/186
Overall dimension (cm)	295x145x215	310x190x215	345x216x215	360x240x215
Machine weight (kg)	700	900	1400	1500
