

Machine Introduction

XHDM-570/630 automatic numbering and perforating machine with LCD touch screen, numbering and perforating machine, printing numbering machine, number printer.

Features:

1. Oil Free Vacuum Pump: It adopts Japanese Technology which has compact piston, continuous suction, and long time service life
2. Famous Brand Electric Components: It adopts Japanese technology products, and Schneider components
3. Safety Operation: Positive Limitation Protection is adopted to make sure the operation is safe enough
4. Electrostatic Eliminator: It is used in the feeder and collator; which can avoid the double sheets problems caused by static
5. Automatic Powdering & Blower : It can avoid the ink applying on the back of paper when printing numbers; the blower can dry the ink soon
6. High quality Feeding Rubber-tired & Double Sheets Detection Device is used to improve the machine's working effect
7. Chrome plated Technology is used on the pressing roller, which can avoid damaging the roller by lateral perforating knife
8. Stainless Steel Material is used on the main roller, which can avoid damaging the roller by vertical perforating knife
9. Lateral perforating knife is made in Japan
10. Manual operation is optional to print same number on 1-9pcs of paper
11. Touch screen operation is optional to be automatic computer controlling system; it can make the machine print same numbers on 001-255pcs of paper as your choice

* Warna dan spesifikasi mesin bisa berubah sesuai dengan perubahan spesifikasi pabrik.

Technical Specifications

Model	XHDM-570	XHDM-630
Max. paper size	560x400 mm	620x440mm
Min. paper size	180x150 mm	180x150 mm
Paper weight	28-250 gsm	28-250 gsm
Printing speed	2000-8000 sheet/hr	2000-8000 sheet/hr
Ink Roller	6 rollers / form roller: 2pcs	6 rollers / form roller: 2pcs
Number capacity	Lateral: 7 row x 8 column = 56 Vertical: 5 row x 10 column = 50	Lateral: 7 row x 9 column = 63 Vertical: 5 row x 11 column = 55
Perforation	Min. space between lateral perforating knives: 10mm Min. space between vertical perforating knives: 30mm	Min. space between lateral perforating knives: 10mm Min. space between vertical perforating knives: 30mm
Power for main motor	0.75KW	1.5KW
Power for pump motor	0.75KW	0.75KW
Power supply	220V/50HZ	220V/50HZ
Weight	320kg	370kg
Dimension	1900x1020x1120mm	2060x1150x1120mm

STANDARD ACCESSORIES:

- Four pcs of Numbering Base
- Two pcs of Horizontal perforating knife
- Two pcs of Vertical perforating knife
- Four pcs of Numbering machine(7digital)
- Four pcs of Dial Numbering Device

* Warna dan spesifikasi mesin bisa berubah sesuai dengan perubahan spesifikasi pabrik.
