

ST040PP

Automatic Case Lining Machine

Packaging Machinery

01 Description

ST040PP Case Lining Machine is used to paste the inner paper to the hardcover book, gift box, wine box, file folder, etc.

It has the stable speed of 42 PCS/min, PLC touch screen human interface, environmentally-friendly. Taiwan BBM motor, IDELY transducer control system, user-friendly setup

Hardcover Machines

02 Features

- 01 Computerized function set-up and malfunction testing system
- 02 Automatic oil lubrication system
- 03 Cyclical gluing pump device, to ensure gluing proportionally
- 04 Schneider electrical control components
- 05 Festo pneumatic components
- 06 OMRON PLC, human interface touch screen friendly screen set-up
- 07 Adopted the format changing principle from printing machine, fast changing and save time
- 08 Paste two inner paper at the same time
- 09 Fast production speed, replace the manual operation, solve the problems for labor shortages and management
- 10 Can paste different shape gift box such as: triangle, arch, trapezium, L design, etc
- 11 Positioning with taper pin, driving by cam and gear, improve machine stability, to meet customers' requirements in production for pasting the inner paper with high precision
- 12 Can past various inner paper materials: paper, composition paper, laminated paper, gold and silver paper, PP materials, etc
- 13 Environmentally-friendly, low noise, improve working environment
- 14 The machine uses nozzles and pusher device to push hardcover, protect various cover materials efficiently (laminated paper, touch paper, etc) from being scratched
- 15 Automatic cover gluing and brush systems, to make hardcover without glue stick on the surface, exclude cleaning the glue and surface processing by hand, to save labors and production costs

03 Technical Specification

Model	ST040PP
Max. product size	680x400mm
Min. product size	150x100mm
Stable speed	2100-2400 pcs/hr
Power	380V/50Hz, 3.2kw
Weight	2800 kg
Dimension	4200x1600x1400mm

* Warna dan spesifikasi mesin bisa berubah sesuai dengan perubahan spesifikasi pabrik.
