

DH-HSJP-550/650

High-Speed Print Quality Inspection Machine For Small-Format
Pharmaceutical Packets and Color Cartons Machine

Machine Introduction

DH-HSJP 550/650 is a sheet-fed inspection machine designed to inspect the print quality of pharmaceutical packets and color cartons or packs commonly used in various industries.

FEATURES:

1. Versatile inspection, supporting both detection of defects in surface printing processes and data validation/completeness checking of supervision codes and 2D codes.
2. Proven designs such as integrated console and complete equipment protection, making the human-machine interaction safer and more convenient
3. Anti-scratch solutions:
 - Optional suction feeder is available and can be easily replaced to guarantee inspection speed
 - Innovative design of delivery module to completely avoid scratches on the surface of prints

* Warna dan spesifikasi mesin bisa berubah sesuai dengan perubahan spesifikasi pabrik.
