

DB-800 单边包边机
DB-800 Single side folding machine

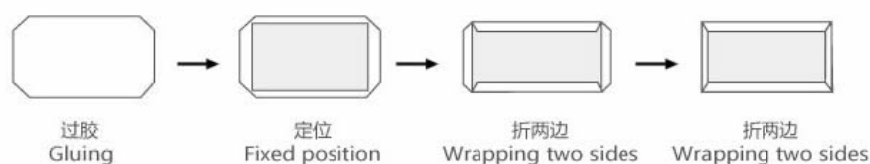

Machine Introduction

The single side hardcover folding machine is featured with easy and fast operation and favorable price, so it is popular among users. The machine is applied to book case cover. The roller will roll back and forth to fold all sides of surface paper and press them against grey board. The hardcover folding machine is mainly used in making high quality book case, loose-leaf book, folder, game paper, account book, wall calendar, diary, photo album, and upscale gift box like cigarette case, wine box, cell phone box, tea box, moon cake box, etc.

Features:

1. This machine is used for hardcover. The paper edges are folded tightly with paper board by the drum
2. The machine is featured by simple and convenient operation and low price attracting customers

工艺流程 Combined craft flow line
