

Machine Introduction

It is the automatic paper product molding equipment, combination of pneumatic and mechanical action. It has the advantages of fast speed, simple operation, high efficiency and environmental protection. Automatic feeding, hot pressing, automatic counting and collection, mechanical action program control and fault monitoring. This type of machine equips with hot air generating device, suitable for single PE coated paper, kraft paper, etc., for the production of single-piece disposable paper lunch boxes covered with lid, paper boxes, kraft paper boxes and other food paper packing box.

Technical Specifications

Model	FHJ-C
Production capacity	30-40 pieces/min (actual production is subject to product size)
Max. size	350x450mm
Max. paper convey width	240mm
Suitable material	100-400g/m ² (PE Coated paper)
Total power	3KW
Total weight	0.7T
Dimension	1500(l)x1300(w)x2000(h) mm
Working air source	Air pressure 0.4-0.5Mpa (need to buy compressor)

* Warna dan spesifikasi mesin bisa berubah sesuai dengan perubahan spesifikasi pabrik.
