

Machine Introduction

Features:

1. The whole steel plate fuselage, interlayer paper feeding design and the style of oil poured lubrication system is Ensured the equipment long-term normal and Stable Work;
2. Short distance double vertical axis combines advanced and high-precision cylinder open type cam drive make every station high-speed worked accurate without mistake;
3. Single wrap the leaf groove cam structure combine seesaw roof bar design can make the high-speed paper feeding go to the place accurately;
4. Exquisite original creation ϕ 490mm mould turn plate design make the equipment work load lighter and the speed to be faster;
5. Scientific and reasonable mechanical is fit Itinerary design can using in premise of exchange mould can make the products producing range 6oz-22oz; paper thickness 170g-350g.

* Warna dan spesifikasi mesin bisa berubah sesuai dengan perubahan spesifikasi pabrik.

Maintenance:

1. The equipment basic fixed point is focus on table-board, can adjust and change the parts of table-board directly, it's convenient maintain and operate;
2. The equipment shape design small volume, small floor space, greatly save the client's factory using space; 20 cabinet can install 4 cabinet can efficient decrease client transport fees;

Technical Specifications		
Cup size	6oz-22oz	
Top mouth diameter	60mm-90mm	
Bottom diameter	40mm-70mm	
Bottom depth	5mm-10mm	
Height	60mm-180mm	
Capacity	6oz-9oz	80-85pcs/min
	9oz-12oz	75-80pcs/min
	12oz-16oz	70-75pcs/min
	16oz-22oz	60-70pcs/min
Equipment size	table-board	complete machine
	1570mm×1100mm	1880mm×1450mm×1900mm
Power	11.5kw	
air consumption	0.4m3/min	
Weight	2200kg	
Work power	6-6.5kw	

* Warna dan spesifikasi mesin bisa berubah sesuai dengan perubahan spesifikasi pabrik.
