Machine Introduction

Features:

- More thickness stainless working plate wear well!
- 100mm cutting thickness
- Frequency conversion motor, more powerful (optional)
- Side table – assemble
- CE standard, safety latch, safety wall, double auto. Breaker safety
- New instruction, higher accuracy
- Touch screen: 10.4" touch screen
- Setting: Program, equal parts size, manual memory
- Before blade cutting, after blade cutting and push, any setting, intelligent and convenient
- Easy to input the size arithmetic, support insert, delete and shortcut key
- Optional language, parameter, time and inch/mm setting, and screen brightness adjustment. Self-checking is simple and directly!
- Shortcut key to choose, save!
- Centralized control circuit for easy maintenance
- Ball table, easy to be feeding the paper
- More thickness stainless working plate, wear well!
- 100mm cutting thickness
- Frequency conversion motor, more powerful (optional)
- Side table – assemble
- Foldable and disassemble backstage

PT. EKA MAJU MESININDO
 Jl. Terusan Bandengan Utara No.16 / B 3-4
 Jakarta, 14450, Indonesia
 Tel. (021) 660 2665, 661 8255.
 Fax. (021) 668 5874, 660 2657

- Convenient for transport and enter the door
- Cutting sticker can re-use by 8 times
- Integrated console
- Pedal press or auto press
- More convenient to adjust the blade height
- Outside press pressure key
- Oil pressure key
- Widely double push guide rail and more accuracy. Ball guide screw, servomotor increased by two times (optional)
- Underneath type press, double hydro-cylinder cutting, oil proof and more convenient for service
- Press is more stably (straight and double guide rail)

Part Features

	7-inch touch screen 7-inch super sensitive touch screen, is convenient for people to use it
	Stable hydraulic system Good quality and low failure rate, in order to use longer
	Heavy duty design with rack structure It has durable, not easy to distort
	Heavy-duty stainless-steel platform With some advance balls, pushing paper easily
	Many sets of infrared protection with CE standard In order to complete double protection, safety and stable
	Double guide rails design To push the paper straight stable, a fine-tuning knob with tender feel and excellent shape

6810Z

Heavy Duty Silent Hydraulic Paper Cutter Machine

Technical Specifications

Model	6810Z
Max. cutting width	680mm
Max. cutting thickness	100mm
Precision	±0.3mm
Press paper mode	Hydraulic
Push paper mode	Electric
Safety	IR
Voltage	220V ±10% 50HZ
Power	2.2KW
Dimension	1670x1630x1330mm
Weight	650kgs
