Laminating
Machines

01 Description

Huawei company in 1998 start producing automatic water-soluble laminating machine, the machine adopts automatic feeding machine and former compasses pull compasses device, automatically feed tape paper folding device, the main unit was redesigned in original basis into paper greatly improve speed and precision, production speed can reach 80 meters per minute and in the stable production speed. This machine has stable performance, there is main engine automatically lack paper correcting and fill paper, paper build mouth adopt servo motor control, high precision and fast speed, full functions, the machine with high energy, high speed, etc. Optional receiving automatic tension control and installation of crane hoisting film.

02 Technical Specification

Model	ZFM-1000
Effective width	1040 x 740 mm
Power	340V 50Hz
Max. speed	80 m/min
Total power	7.7 kw
Overall weight	2500 kg
Overall dimensions	3850 x 1700 x 1800 mm

* Warna dan spesifikasi mesin bisa berubah sesuai dengan perubahan spesifikasi pabrik.
