

Machine Introduction

YZHH-800/YZHH-1200 Pre-fold high speed automatic folder gluer belongs to four-folding style equipment, applying to past and fold various shape paper boxes. pre-folding box is easy to open in a auto-packing machine, especially the pill-box, it owns reasonable structure, using widely, easy to operate and high speed. It is a ideal equipment for after printing.

Features:

1. The belt of paper feeding part adopt the monomer structure, it is extremely convenient to move, assemble and disassemble
2. Adopt the integral sealed glue box, so as to make glue not easy to evaporate, move conveniently
3. The moving row adopts the two-way screw rod to adjust, fast and simple
4. The transmission adopts the synchronous belt and mast top, accurate, ensure to paste box perfect quality
5. Pre-fold function can develop the production efficiency, form a complete set with the automation packing
6. The press and transportation part can move front and back, so as to provide the convenience to wine box and long box
7. The photoelectric count and automatic kick board cooperated, accurate and convenience
