

FM-E Series Fully Automatic High Speed Vertical Laminating Machine

Function Description

FM-E Series fully Automatic High Speed Vertical High-precision and multi-duty laminator as a professional equipment used for plastic film laminating on the surface of paper printed matter. Widely applicable for laminating in packaging, paper box, books, magazines, calendars, and commercial cards fields, Improving the printing matter grades, and achieve the purpose of dustproof, waterproof, oil proof. it's the best choice for printing and laminating enterprises of all scales.

FM-E Series is a newly developed product geared to the market demand, which is specially designed for water-based and dry laminating glue. The main unit is applied in cementing, drying and laminating, easy to operate. It can be used for multiple purpose, such as oil-type, water-based, and dry-type lamination. It is a new style film laminating machine. The chain knife cutting device (optional) specially for cutting thin paper which laminated for PTE, PVC film, also, it is suitable for cutting various thin films.

Features:

1. This feeder head also for high-speed printer with stable paper feed and keep accurate.
2. Paper feeding and collecting function without shutdown, effectively shorten the time of working.
3. Edge landing unit with servo control guarantees accurate and reliable edge landing.
4. Adopt coating by the chrome treatment roller, save the glue quantity and have evenly coating.
5. Strong hot air circulation could rapid drying
6. Anti-crimping device is suitable for thin-paper coating.
7. The heating steel roller adopts the electromagnetic heating system with rapid heating, energy saving and environmental protection.
8. Human-computer interface with touch screen, convenient and individualized
9. Industrial design, beautiful and elegant appearance, develop its own features

* Warna dan spesifikasi mesin bisa berubah sesuai dengan perubahan spesifikasi pabrik.

FM-E Series Fully Automatic High Speed Vertical Laminating Machine

Technical Specifications

Model	FM-800E	FM-1080E	FM-1280E
Max. paper size	780x880mm	1080x1100mm	1280x1250mm
Min. paper size	350x270mm	360x290mm	360x290mm
Speed	10-80m/min	10-80m/min	10-80m/min
Paper thickness	80-500g/m ²	80-500g/m ²	80-500g/m ²
Overlap precision	≤±2mm	≤±2mm	≤±2mm
Film thickness (common micrometer)	10/12/15	10/12/15	10/12/15
Common glue thickness	4-10g/m ²	4-10g/m ²	4-10g/m ²
Pre-gluing film thickness	1005,1006,1206 (1508 and 1208 for deep embossing paper)		
Non stop feeding height	1150mm	1150mm	1150mm
Collector paper height (incl. pallet)	1050mm	1050mm	1050mm
Main motor power	5kw	5kw	5kw
Whole machine power	65kw	65kw	65kw
Working power	35-45kw	35-45kw	35-45kw
Voltage	380V-50Hz-3P	380V-50Hz-3P	380V-50Hz-3P
Roll working pressure	15Mpa	15Mpa	15Mpa
Air pressure requirement	1.0 Bar	1.0 Bar	1.0 Bar
Air consumption	80m ³ /h	80m ³ /h	80m ³ /h
Cable thickness	25mm ²	25mm ²	25mm ²
Dimension (LxWxH)	7400x1900x2600mm	8400x2200x2600mm	8800x2400x2600mm
Net. weight	7300kgs	8600kgs	9300kgs

* Warna dan spesifikasi mesin bisa berubah sesuai dengan perubahan spesifikasi pabrik.
